VICTORIA CITY BY-LAWS.

NO. 276.

A BY-LAW

To authorise the sale of lands within the City of Victoria upon which taxes have been due and in arrears for two years.

WHEREAS, it is expedient that all lands or improvements or real property within the limits of the Corporation of the City of Victoria upon which Municipal taxes have been due and in arrear for two years, shall be sold, and the proceeds applied in the reduction of such taxes:

Therefore the Municipal Council of the Corporation of the City of Victoria enacts as follows:—

1. The Collector of the Municipal Council of the Corporation of the City of Victoria is hereby authorised and directed whenever taxes on any land or improvements or real property have been due for two years preceding the current year, to submit to the Mayor of the City of Victoria a list (in duplicate) of all the lands or improvements or real property liable under the provisions of this by-law to be sold for taxes, with the amount of arrears against each lot set opposite to the same, and the Mayor shall authenticate such list by affixing thereto the seal of the Corporation and his signature, and one of such lists shall be deposited with the Clerk of the Corporation, and the other shall be returned to the Collector with a warrant thereto annexed, under the hand of the Mayor and the seal of the Corporation, commanding him to levy upon the land or improvements or real property for the arrears due thereon with his costs.

2. It shall not be the duty of the Collector to make inquiry before effecting a sale of lands or improvements or real property for taxes, to ascertain whether or not there is any distress upon the land, nor shall he be bound to inquire into or form any opinion of the value of the land or improvements or real property.

3. The Collector shall prepare a copy of the list of lands or improvements or real property to be sold and shall include therein in separate columns a statement

of the proportionate amount chargeable on each lot for (1) the amount of taxes unpaid up to the date of the passing of this by-law; (2) the Collector's commission, authorised by this by-law to be paid him and the cost of advertising and contingent expenses of sale, and (3) the total amount of taxes and costs for which the property is liable to be sold; and shall cause a copy of such list to be printed for a period of one month preceding the date of such intended sale in two daily newspapers published in the City of Victoria.

4. The advertisement shall contain a notification that unless the arrears and costs are sooner paid he will proceed to sell the lands or improvements or real property for the taxes, on a day, at a time, and at a place named in the advertisement.

5. The Collector shall, at least one month before the day of sale, serve, or cause to be served, a notice of the intended sale and of the consequences thereof, in writing, or partly in print and partly in writing, signed by the Collector, on the person, or if more than one, then on each of the persons who at the time of the service thereof appeared on the Register of the City of Victoria as owner, and also on all persons having a registered charge on the real property to be sold; or substituted service shall be effected in such manner as any Judge of the Supreme Court may direct. The Collector shall also, at least one month before the day of sale, post a notice similar to the said advertisement at the principal entrance to the City Hall, Victoria, and in the Post Office building, Victoria.

6. The day of sale shall be a day to be named by the Collector in the said advertisement not earlier than thirty-one days nor later than three months after the first publication in two daily newspapers of such list, exclusive of the day of such publication, and such sale shall take place at the Council Chambers in the City Hall, in the City of Victoria, and shall begin at 12 o'clock, noon: Provided always, that if the Collector shall from any cause whatever be unable to effect service of any notice of sale, in the manner herein directed, or to effect substituted service as directed by any such Judge, he may postpone the sale of the property or parcel of land in respect of which he is so unable to effect such service, from time to time, and shall give notice of such adjourned sale by advertisement in the newspapers in which the original notice was advertised, or he may withdraw the said property or parcel of land from the sale, and in either case shall proceed with the sale of the remaining lands or improvements or real property in the manner herein directed.

7. If at any time appointed for the sale of the lands or improvements or real property no bidders appear, the Collector may adjourn the sale from time to time.

8. If the taxes have not been previously collected, or if no one appears to pay the same at the time and place appointed for the sale, the Collector shall sell at public auction so much of the lands or improvements or real property as may be sufficient to discharge the taxes and all lawful charges incurred in and about the sale and the collection of the taxes, selling in preference such part as he may consider best for the owner to sell first, and in offering such lands or improvements or real property for sale it shall not be necessary to describe particularly the portion of the lot or section which shall be sold, but it will be sufficient to say that he will sell so much of the lot or section as shall be necessary to secure the payment of the taxes due, and the amount of taxes stated in the advertisement shall in all cases be *prima facie* evidence of the correct amount due.

9. If the Collector fails at such sale, or any adjournment thereof, to sell any such land or improvements or real property for the full amount of arrears of the taxes due, he shall at such sale or adjournment thereof adjourn the sale until a day to be publicly named by him not earlier than one week nor later than three months thereafter, of which adjourned sale he shall give notice by advertisement in the newspapers in which the original notice was advertised, and on such day he shall sell such lands or improvements or real property previously offered for sale for any sum he can realize: Provided that in event of the price offered for any property or parcel of land at such adjourned sale being less than the amount of arrears of taxes due in respect of such property or parcel of land, the Collector shall have power, if he thinks fit so to do, to purchase such property or parcel of land in the name of and on behalf of the said Corporation.

10. If the purchaser of any property or parcel of land fails immediately to pay the Collector the amount

of the purchase money the Collector shall forthwith again put up the property for sale.

11. Immediately after every sale the Collector shall return a list of the arrears satisfied by such sale to the Clerk of the Corporation and shall at the same time pay in the proceeds to the Treasurer of the said Corporation.

12. The Collector shall be entitled to five per centum commission upon the sums collected by him as aforesaid.

13. This by-law may be cited for all purposes as "The Victoria Real Property Tax Sale By-law, 1897."

Passed the Municipal Council the 20th day of September, 1897.

NELSON CITY BY-LAWS.

BY-LAW NO. 14.

WHEREAS it is desirable and necessary to licence and regulate plumbers in the City of Nelson, and to provide for the appointment of a plumbing inspector, and to provide for the effective plumbing, sewerage and draining of buildings.

Therefore be it enacted by the municipal council of the Corporation of the City of Nelson as follows:—

1. The municipal council shall, from time to time, as occasion may require, appoint such inspector or inspectors for plumbing, hereinafter called plumbing inspectors, as may be found necessary; but no person shall be eligible for such appointment who shall not have passed a satisfactory examination for proficiency in both practice and theory of plumbing and drainage

before the board of examiners as hereinafter provided.

2. Such inspector or inspectors shall be under the supervision of the mayor, and shall be paid such salary as the municipal council may determine.

3. A board of plumbing examiners is hereby constituted, to consist of the city engineer for the time being, who shall be chairman of the board, and one practising physician, and one practical journeyman plumber, both of whom shall be appointed by the municipal council; and the board shall be called together at such times as the chairman may find necessary.

4. In case any dispute arises under this by-law as to whether any person or persons employed by any licensed master plumber is a regularly educated, practical and experienced plumber, as in this by-law is provided, the plumbing inspector may notify the said workman to appear and be examined before such board of examiners, whose decision as to the competency of such workman shall be final and conclusive.

5. The said board of examiners shall examine and may grant certificates of competency to any plumber who may apply for that purpose, and such certificate shall be recorded in the office of the city clerk, the person receiving the same paying a fee of one dollar therefor, and such plumber shall be a registered plumber of the city.

6. Upon and immediately after the passage of this by-law, and in every ensuing year on or before the 15th day of January, any person desiring to carry on business or trade as a master plumber within the City of Nelson, shall take out a licence, for which he shall pay at the time of the issuing thereof the sum of twenty-five dollars, except as hereinafter provided, and any person may take out a licence under the provisions of this by-law on behalf of a partnership, firm, or company of which he may be a member.

7. No person shall receive such a licence unless he is of the full age of twenty-one years, and has a place of business within the City of Nelson, and furnishes a bond binding himself to the amount of \$500.00, with at least two sureties in the sum of \$250.00 each, to the satisfaction of the municipal council, or a bond to the same amount from a guarantee company, and that he will employ only registered plumbers who have received and hold a certificate of competency from the board of examiners to do all such plumbing work as he may engage to do, and whether he is a practical plumber himself or not, will not permit or allow any such work to be done by himself or in connection with the business except by such registered plumbers, and that he will not violate any of the terms and conditions, rules and regulations contained in this by-law, or in any other by-law which shall come into force from time to time in the City of Nelson respecting plumbing, drainage, sanitary matters and water works within the said city.

8. Every person desiring such licence shall file with the city collector a petition in writing of the same, giving name of the applicant, and in case of a partnership, the name of each member thereof, together with the place of business, and asking to become a licensed master plumber, and said petition shall be accompanied by the bond and fee hereinbefore mentioned.

9. Any change of firm or location of the business shall be promptly reported to the city collector, and the licence shall be kept in a conspicuous place at the location of the business.

10. When any member of a partnership or company is licensed individually for the partnership or company, the licence may be issued in the name of the firm, co-partnership or company, the said licence setting out the names of the members of the firm, co-partnership or directors of the company, and the date the licence was granted, and no licence so granted shall be transferable except with the permission of the municipal council.

11. All licensed master plumbers shall be held responsible for all acts of their employees in connection with their business for which such bonded licence is issued.

12. Every such bond and licence shall be for the year current at the time of the granting thereof, and shall expire on the 15th day of January next succeeding the date of issue.

13. Upon satisfactory evidence furnished to the city collector that any master plumber has been twice convicted by the police magistrate, or two justices of the peace having jurisdiction within the limits of the City of Nelson, of any violation of the provisions of this by-law, or any of the by-laws respecting plumbing, drainage, sanitary matters or water works, his licence

shall be, *ipso facto*, forfeited and returned to the collector.

14. Any master plumber whose bonds and licence may become forfeited shall not again be entitled to a licence until the said declaration of forfeiture shall be revoked by the municipal council, and if such master plumber is carrying on his business in co-partnership, or as a member of a company, the co-partnership or company shall not carry on the business of plumbing from the date of such cancellation.

15. Before proceeding to construct, re-construct, alter or change any portion of the plumbing, drainage or ventilation of any hotel, tenement, warehouse, wash house, or other buildings, the owner, his agent or the master plumber constructing the same, shall file in the office of the city clerk an application for a permit therefor, and such application shall be accompanied with a specification or abstract thereof, in a blank form prescribed and supplied for that purpose by the city clerk, stating the nature and work to be done, and giving the size, kinds and weights of all pipes, traps and fittings, together with a description of all closets and other fixtures, and a plan with the street and street number marked thereon, and showing the drainage system complete. Plans must be legibly drawn in ink on a scale of eight feet to an inch.

16. A permit shall be granted or refused within two days from the time of filing of the application, and the permit of the plumbing inspector (if granted) shall be valid for six months from the date of issue.

17. If the plumbing inspector shall find that the said plans and specifications do not conform with the rules and requirements laid down in respect to plumbing and drainage in the by-laws of the City of Nelson, he shall not issue any permit for such plumbing and drainage, and it shall be unlawful to proceed therewith.

18. After a plan or specification has once been approved no alteration or deviation from the same will be allowed except with the written consent of the plumbing inspector.

19. From and after the passing of this by-law every owner, or agent of an owner, of any building doing or causing to be done any plumbing in such building shall, on the same being passed by the plumbing inspector, be granted a certificate that such plumbing has been done in accordance with the city by-laws, and on being requested to do so, shall deliver such certificate to any person proposing to purchase or occupy such building.

20. No part of any plumbing or drainage work shall be covered or concealed in any way until it has been examined and approved by the plumbing inspector, to whom notice must be sent when the work is sufficiently advanced to be inspected, unless in the case of drainage below the surface of the ground, which the inspector has failed to inspect within the five working hours next ensuing after being notified, then the ground may be filled in, in case of an emergency affecting the public safety.

21. All material must be of good quality and free from defects, and the work must be executed in a thorough and workmanlike manner.

22. The arrangement of soil and waste pipe must be direct as possible.

23. The soil, waste and ventilating pipes and traps must, where practicable, be exposed to view for ready inspection at all times and for convenience in repairing. When necessarily placed within partitions, or in recesses of walls, soil, waste and ventilating pipes must be covered with woodwork so fastened as to be readily removed. In no case shall they be so placed as to be absolutely inaccessible, unless under written permission from the plumbing inspector.

24. When the ground is made or unsound, the house sewer shall be of medium or extra heavy cast iron or brass pipe, with joints properly caulked with lead.

25. In sound ground, provided it is outside of the building, hard salt-glazed vitrified pipe may be used; each length shall be wetted before being laid and the space completely filled with cement mortar, made in the proportion of two of good, clean sharp sand and one of the best Portland cement, except in wet ground, when a gasket shall be placed around the spigot and forced down to the bottom of the socket and finished with mortar cement, as described above. Each pipe must be cleaned out with a mop after being laid. The different lengths must be laid in perfect line on the bottom and sides. All connections must be through "Y" junctions.

26. Any soil pipe passing through a building, or beneath the floor of a cellar or basement, shall be of

cast iron or brass, as in section 24, and shall extend to at least five feet outside the building, and no wall shall be built leaning solidly upon the same.

27. Where it is found impracticable to carry the main ventilating pipe above the surrounding openings or adjoining buildings within the prescribed distance of forty feet, as in section 32, permission may be granted by the plumbing inspector to insert a running trap between the house and the sewer, in a position to be approved by the plumbing inspector, such running trap to have a cleaning cap made gas and air tight, brought up to the surface of the ground, and taken off the outer or sewer side of such running trap. A fresh air inlet shall be brought up to the surface of the ground from the inner or house side of such running trap, and be provided with a cast iron grating set in good Portland cement, and be kept free from dirt and deposit. In all cases where such intercepting trap is used, the main ventilating pipe must open at least ten feet from any opening or window.

28. No exhaust from steam engines, or blow off from steam boilers, or overflows from water motors, shall be connected with either private or public sewers.

29. Every vertical soil pipe shall be of cast iron or brass, and shall extend a sufficient height above the highest window, roof or coping, or light shaft, to the satisfaction of the plumbing inspector.

30. No rain water, down pipe, or chimney flue shall be used as a ventilator for any sewer, trap, soil or waste pipe, or as any soil or waste pipe.

31. Each building shall be provided with a main ventilating pipe of cast iron or wrought iron pipe, galvanized, of not less diameter than four inches, which shall be carried at least two feet above the highest window, opening or light shaft, and to the satisfaction of the plumbing inspector.

32. Soil or main ventilating pipes in an extension must be carried to and above the roof of the main building when otherwise they would open within forty feet of any opening of the main or adjoining houses, unless as provided for in section 27.

33. No soil pipe shall be less than four inches in diameter. A waste pipe receiving the discharge of five or more sinks shall not be less than three inches in diameter and shall have two-inch branches.

34. When lead pipe is used to connect fixtures with vertical soil or waste pipes, or to connect traps with main ventilators, it shall not be lighter than:

1 inch in diameter,	6 pounds per yard.
1 $\frac{1}{2}$ inch in diameter,	5 $\frac{3}{4}$ pounds per yard.
1 $\frac{1}{2}$ inch in diameter,	6 pounds per yard.
2 inch in diameter,	8 pounds per yard.
4 inch in diameter,	15 pounds per yard.
2 $\frac{1}{2}$ inch in diameter,	13 $\frac{1}{2}$ pounds per yard.
3 inch in diameter,	16 $\frac{1}{2}$ pounds per yard.
4 inch in diameter,	24 pounds per yard.

Trap vent pipes shall be of brass, lead, cast or galvanized wrought iron. All traps and fittings shall be equal in quality and thickness to the pipes to which they are attached.

35. All cast iron pipes must be of the best clean grey metal, free from sand cracks, honey comb, porous places, air holes or other defects, and of the grade known as medium, which may be used below all fixtures, and for ventilating pipes the grade known as "Standard" of the heavy quality. In buildings over three stories in height the three lower stories must be fitted with the grade known as extra heavy. The following will be accepted:

Standards 2 in. 3 in. 4 in. 5 in. 6 in.
Below fixtures (lbs.) 4 in. 6 $\frac{1}{2}$ in. 9 in. 17 in. 20 in.
Above fixtures (lbs.) 4 in. 5 in. 6 $\frac{1}{2}$ in.
